Witness Statement

(CJ Act 1967, s9; MC Act 1980, ss 5A(3)(a) and 5B, MC Rules 1981, r 70)

Continuation of statement of Andy Dunks

Horizon System Helpdesk (HSH). The HSH is the Horizon user's first 'port of call' in the event of their experiencing a problem with the Horizon system or requiring advice and guidance. If the system were to malfunction, upon discovery the Horizon users (i.e. the sub-postmaster or counter clerk) would raise a call to the HSH seeking clarification or advice. HSH is a service run by Fujitsu Services for the Post Office. I have been asked to provide information pertaining the working condition of the Horizon system. The following information constitutes the calls logged by HSH recorded during the period *June 30th 2005* to January 14th 2008 for the *West Byfleet* Post Office – Branch Code 126023.

I have reviewed the HSH calls pertaining to the *West Byfleet* branch during the period *June 30th 2005* to January 14th 2008. There were 107 calls from branch Code 126023 to the HSH, this equates to between 3 and 4 calls a month which is average for this size Post Office. All the calls are of a routine nature and do not fall outside the normal working parameters of the system or would affect the working order of the counters.
