Hi Paula,  
Forgive me for being paranoid with the email address!  
All very well here thank you – hope you are too.  
Testing times for hospitals and crematorium!

I had looked before and found nothing.  
I stumbled across these two bits that I just seem to have neglected to throw out.  
They may be of some small use – if only to jog your memory of the players involved.

Take care.  
All the best.  
Neil
