Belinda: In regard to M052, we have made a further and significant change to that Final Report and that change was made AFTER I had spoken to you. We are now recommending this case for Mediation, even though the Applicant had pleaded guilty to a THEFT charge and, she asserts, concocted a story as to WHY she had stolen the money. We have made this change because we have come to the conclusion that there exists a strong possibility that the Applicant is NOW telling the truth and that her change to a guilty plea, and subsequent plea in mitigation, were driven purely by her fear of imprisonment (based on the threatened 34 counts of theft) and that, if she was NOT the person who perpetrated the Pensions and Allowances thefts, then the question is: who did do that and, indeed whether the reintroductions really were fraudulent? Also, the evidence was untested (i.e. not presented) in court and such evidence as we examined was, frankly, inconclusive. The 23rd September email from her PA (Steve Darlington),

which is uploaded to the case sub-folder in Huddle, asserts that the mitigation story is disproved by the medical records now submitted. Taking all this into careful consideration, we have decided to recommend this case for mediation. In any event, the WG will doubtless vote on whether it goes forward, since we assume Post Office will vote against it.

Best regards, Ron.

Subject: Scheduling

Belinda,

This is just to confirm that since last week's meeting the following Draft and Final CRRs have been uploaded to Huddle:

DRAFT

M065

FINAL

M001

M003

M029

M035

M052 *

M062 **

* I believe that Ron has alerted you to this, which is referred to as Version 2A.

Given additional input received from the Applicant's PA the Mediation recommendation has been changed from that in the Draft CRR.

** This is the revised version, produced following the request at last week's face to face meeting and is referred to as V2.

This answers one of the concerns that you raised with me yesterday.

I understand that by the end of this week (26 September) the following Draft CRRs should also have been completed and uploaded:

M005

M007

M011

M013

M073

May I suggest that you leave M039 as is but mark that it may be revisited once the Part Two Report has been finalised?
I will respond to Lucy in more detail on the scheduling of all cases.

Regards

Chris Holyoak
