Jonny

We've got our marching orders from POL to look into the point around remote access of Horizon as I mentioned the other day on the phone. POL have decided to stick with Deloitte doing this for now but I'm not convinced this will work and we made need to step in.

The plan is to:

1. Get up to speed on Deloitte's work to date
2. Re-instruct Deloitte so that they are instructed on a privileged basis by BD rather than an arguably non-privileged basis by POL
3. Meet with Deloitte to discuss further ways to investigate this point.
4. Likely meet with Deloitte and FJ to investigate the issue further
5. Use the information found to draft a section for our Letter of Response to the Letter of Claim (first draft due on 28 June).

This is all pretty urgent as Counsel has identified this as the key point to be addressed.

Question is – are you able to help? It'll need to be top of your to do list for the next couple of weeks if we're to get this done on time. Feel free to say no / not possible.

Paul / Rich –shout if you have Jonny lined up for something else.
