Many thanks Lesley

Paula – see below, some additional points on the SS investigation for your meeting with Duncan tomorrow.

Hope you've both survived the day and the meetings have gone as well as could be expected.

Have a good evening,
Martin

Martin

I think that's simple:

Duncan's team have been fully engaged with POL and I've personally kept them up to date.

I believe Duncan has been kept up to date by his team.

First and foremost a thank you for their support as they have responded and worked with POL to provide the information SS have been requesting.

We have the teams ready for Friday to respond to the interim report and Fujitsu understand the timescales we will be working too.

I would assume that Duncan will want Paula's view on how this will move forward.

So in summary, a thank you and a request to continue with the support they have provided to date.

I would also single out James Davidson who has done a great job.

Hope this is enough and that you've had a little time with your family today.

Hi Lesley – just noticed that the brief doesn't cover anything on the SS investigation. What should Paula be saying to Duncan about this? When we discussed on Monday and Tuesday she was expecting to raise it.

If you're able to respond this evening that would be appreciated as the meeting is first thing tomorrow morning. Sorry to interrupt your evening.
Many thanks, Martin

Hi Martin/Theresa

Just FYI and Records - Richard sent this brief to me before 5pm (I changed the title from 'at tbc' before I printed it). Thanks
