So:

1. No change in advice, i.e. need to do a case-by-case review.
2. CK have flagged the same para's we've identified as troublesome re: our disclosure to SS and SS's conclusions
3. Ck haven't articulated what their concerns are
4. No comment on how the Interim Report could be used by disgruntled SPMs (I've already gone back to them on this)

Sensitivity: Confidential

Dear Hugh,

Thanks for letting us have a copy of this.

Our advice overall with regard to disclosure has not changed. The disclosure of a partial report would not meet with our duties or help the current situation. I think the disclosure of a partial report would provide partial information and give rise to adverse publicity and speculation. It would be far better to advise once we have seen the entire report. Having said that the Second Sight report would not need to be disclosed in every case - that decision would be taken on a case-

by-case basis. In many cases it will not be disclosable.

When do you think we will get to see all of the Spot Reports. We will undoubtedly have a list of questions thereafter. At the present time we have some concerns arising out of the draft, for example in relation to paras 5.6, 6.1, 6.3, 6.4, 6.5, 6.6, 6.8, 6.10, 6.11 and 7.2.

Although we cannot properly advise until we have seen all of the relevant material, this will not prevent the review process from proceeding with expedition. We propose to draft paramaters which will work on a worst case scenario.

Kind regards,

Martin.
