Subject: Remote access paper

Hi James, Got side tracked yesterday – apologies, I have now been through the paper and stripped a fair amount out (detail and prior questions). I have shared amongst the team and once I get comments back, will come back to you.

The only questions I had left to ask FJ was

- 1) Are the three circumstances described the paper, the ONLY ways to affect branch accounts
- 2) Some further detail around the pilot that took place in 2010 – number of branches involved, over what time period etc

But we can run through these over the phone once I get the paper back from the team.

Hope that is ok

Mark
