Helen,

The word systemic means "referring to something that is spread throughout, system-wide, affecting a group or system, such as a body, economy, market or society as a whole."

The opposite of up is down, the opposite of in is out and the opposite of systemic is localized. There is no systemic or system wide problem with Horizon but that doesn't mean that it is 100% robust and without flaws. Within any system over time, flaws and bugs etc will create anomalies. I'm not saying everyone is innocent but I'm also not saying they're all guilty.

If over 150 MP's say there is a case for the Post Office to answer over this then it seems rather odd that the SLT of the NFSP don't.

No Calum, I meant this one
http://www.publications.parliament.uk/pa/cm201415/cmhansrd/cm141217/halltext/141217h0001.htm#14121741000002
You may also with to look at Nick Wallis blog if you haven't seen it.
http://becarefulwhatyouwishfornickwallis.blogspot.co.uk

I find it curious that none of these events are shown to members. Hidden
truths?

Helen
