Angela has asked me to pass on the following message to the Working Group as she is presently without a laptop.

All,

As you are aware Post Office has expressed concerns about the Second Sight Part Two Report as drafted and issued to Applicants and Advisors yesterday. In the interests of transparency I wanted to inform you that I have today written to the recipients of the Part Two Report to set out Post Office's position.

The text of the letter is:

Confidential

Dear [Applicant]

Post Office Initial Complaint Review and Mediation Scheme (the "Scheme") - Second Sight's "Part Two" Report (the "Report")

You should now have received a copy of Second Sight's "Part Two" Report.

I must stress that the Report is not endorsed by Post Office. This is because Post Office believes that the Report is inaccurate in important areas, that there is no clear statement of the evidence upon which many of the opinions expressed in the Report are based, and that it includes matters which are beyond the scope of the Scheme and/or Second Sight's professional expertise as forensic accountants.

I will write again setting out Post Office's detailed position on the various points raised in the Report to help you assess whether those points apply in the specific circumstances of your case. I would suggest therefore that you consider the Report in the context of that position, which will be sent to you within the next couple of weeks.

I am sorry for having to send this letter to you, but believe it important to make you aware of Post Office's position on the Report at the earliest opportunity.

I am copying this to your professional advisor.
