Hi
Ta. There are lines already which Mel can send you - then we should review.

Dear both, your help please in answers and in phrasing those answers, in prep for the SC:

- 1) "is it possible to access the system remotely? We are told it is."
What is the true answer? I hope it is that we know this is not possible and that we are able to explain why that is. I need to say no it is not possible and that we are sure of this because of xxx and that we know this because we have had the system assured.
- 2) "you have said this is such a vital system to the Post Office, what testing do you

do and how often? When was the last time?

Lesley, I need the facts on these - I know we have discussed before but I haven't got the answer front of mind - too many facts to hold in my head! But this is an important one and I want to be sure I do have it. And then Mark, to phrase the facts into answers, plus a line to take the conversation back up a level - ie., to one of our narrative boxes/rocks.

Thanks, Paula
