Dear Jonathan,

In my email of 10 October 2015, I sent you a draft chronology of events over the last four years, and said that I would provide you with the documents it is drawn from early this week. Having now collected c75% of these documents it is apparent that their volume is significant : some 136MB of documentation has been collated to date – not all of which would necessarily be helpful to you at this stage of the work.

Can I suggest instead that, looking at the attached updated Chronology, you identify any documents you feel you would particularly like to see at this juncture and I will ask the team to get them over to you as soon as possible? For information purposes, those 'events' that are highlighted in yellow have been previously supplied and those with a 'tick' in the 'schedule' column have had their supporting documentation identified.

We continue to collate the remaining documents, and will discuss with you the best way of getting these documents to you.

In respect of the outstanding questions (6 & 7) you posed in the draft Terms of Reference - I hope to be in a position to provide answers to these shortly.

Kind Regards

Jane MacLeod
